

8:00-9:00	Registration, Continental Breakfast, and Exhibits		
9:00-10:00	A1 Local Government Regulation of Small Telecommunications Facilities , Charles Malcomb, Esq., Hodgson Russ, LLP Municipalities have been and will continue to be inundated with applications for the installation of small telecommunications facilities, particularly in rights-of-way. This presentation will cover the technology, the reasons for increased applications, applicable Federal law, issues dealing with real property rights, regulatory strategies, and suggestions for a permitting framework. CM 1.0	B1 Energy Efficiency in Local Government Operations: How NYPA Can Help! Casey Mastro, NYPA Through a broad energy services profile, the New York Power Authority (NYPA) has been saving NYS Towns, local municipalities and public entities energy and money for over 25 years. These energy services can be provided in any combination to meet specific customer needs including, but not limited to: utility analysis, site screening and assessment, design and construction management, financing, and advisory services. This session will explore ways in which municipalities can take advantage of NYPA's program offerings and services to help stimulate investment in the clean energy economy. CM 3.0	C1 Green Infrastructure Retrofit Manual Training , Tashya Allen, National Oceanic & Atmospheric Administration, Mary Austerman, NY Sea Grant, David Hanny and Tom Robinson, Barton & Loguidice, D.P.C. This session will showcase the different sections of the newly developed City of Rochester/Monroe County Green Infrastructure Retrofit Manual, with an emphasis on the localized content. This training is relevant to those outside of Rochester/Monroe County with discussion on green infrastructure and stormwater practices. Attendees will receive a free hardcopy of the document and learn how to apply the manual contents to their work. Manual and Appendices at: http://www.cityofrochester.gov/giretrofitmanual.aspx . CM 3.0
10:00-11:00	A2 Ethics for Municipal Officers and Employees , Sarah B. Brancatella, Esq., Association of Towns Whether you're a seasoned town official or were recently elected or appointed, knowing and understanding municipal ethics will help maintain integrity and public confidence in local government, and also help your municipality avoid litigation. This session will review what the law says about ethics and public officials, discuss tools municipalities can use to address ethics issues, and explain how to analyze situations to ensure compliance with the law. Covered topics include conflicts of interest in contracts, conflicts of interest under common law, nepotism and members of the same family working for the town, when a person can hold more than one office, gifts, and what constitutes impermissible bias. E 1.50		
11:00-12:00			
12:00-1:00	Lunch and Exhibits		
1:00-2:00	A3 Zoning Board of Appeals Overview , NYSDOS This introductory course to the zoning board of appeals focuses on the statutory tests boards must follow to grant use and area variances and proper handling of zoning interpretations. Meeting procedures and notice requirements will also be discussed, along with the ZBA's relationship with enforcement officials and the planning board, and the importance of making good findings.	B2 Clean Energy in Your Community , Houtan Moaveni, NYSERDA New York State Energy Research & Development Authority (NYSERDA) offers several resources to help local governments understand how to manage responsible clean energy development. This discussion will cover how to utilize available resources for: responsible planning and zoning, negotiating PILOT, municipal procurement of solar, and additional benefits of clean energy in your community. CM 3.0	C2 2018 Amendments to SEQR – Important Changes for SEQR Practitioners , Lawrence Weintraub, Esq., Thomas King, Esq., Jim Eldred, NYSDEC DEC staff will discuss recently adopted changes to the regulations implementing the State Environmental Quality Review Act (SEQR). The changes will become effective January 1, 2019, and include revised Type I thresholds, new Type II classifications, mandatory scoping for environmental impact statements, and other revisions. The session provides an opportunity for SEQR practitioners to learn more about the regulatory changes and have their questions answered by DEC staff. CM 2.0
2:00-3:00			
3:00-3:15	A4 Planning Board Overview , NYSDOS This basic course addresses the powers and duties of town, village, and city planning boards and commissions. The administrative and regulatory roles of the planning board, including its review of site plans, special use permits, and subdivision plats are discussed, along with the planning board's role in the municipal comprehensive plan. The importance of board procedures, referral to the county planning agency, and making findings are also covered.	Break and Exhibits	
3:15-4:00		Clean Energy in Your Community (cont.)	C3 Form Based Zoning , New York State Department of State (NYSDOS) This session provides a discussion of an alternative approach to zoning that considers design over use. It is based on many of the principles of Smart Growth and New Urbanism. Form-based zoning is helping to establish mixed use, neighborhood structure, and walkability as the new standard for development. The advantages of form-based zoning, how it differs from conventional zoning from development to administration, and some of the challenges local officials might encounter in implementing form-based zoning will be discussed. CM 1.75
4:00-5:00		B3 Vision Into Action , Jim Bittker What are the 3 smartest cost-saving energy opportunities every municipality could act on before the end of this year? This session will answer that question and present simple, practical next steps toward lowering taxes and energy costs via smart, networked LED technology and NYSERDA-funded electric vehicle charging station equipment. CM 1.0
