

8:00-9:00 Registration, Continental Breakfast, and Exhibits		
9:00-10:00	A1 Planning Board Overview , Patricia Burke, Paula Gilbert, NYSDOS This basic course addresses the powers and duties of town, village, and city planning boards and commissions. The administrative and regulatory roles of the planning board, including its review of site plans, special use permits, and subdivision plats are discussed, along with the planning board's role in the municipal comprehensive plan. The importance of board procedures, referral to the county planning agency, and making findings are also covered.	B1 Celebrating Clean Energy Communities This session builds off of a designated clean energy community roundtable and will help to build our culture of community surrounding the energy transition. Designated Communities will share successes and project examples. CM 2.0
10:00-11:00		C1 County-Wide Zoning & Code enforcement- How we got there , Donald J. Roberts, Alyssa Cutcliffe, and Jenna Marley, Wyoming County Building Department This session will provide an overview as to how Wyoming County consolidated services created a multi-faceted, fulltime Zoning Enforcement Department, becoming the first in the State to provide this type of service. CM 1.0 C2 Creative Zoning Case Studies for Economic Development - Who to bring to the table , David DiMatteo, Esq., DiMatteo & Roach, Attorneys At Law, Rebecca Ryan, Supervisor, Town of Warsaw, Robert Martin, Town of Warsaw, William Daly, Wyoming County Economic Development This session will give your municipality the tools to put together a "winning team" when speaking to potential developers about bringing new and innovative projects in to your community. We will teach you how to streamline the process for every step of development from permitting and review to ground breaking, PILOTS, and issuing the C of O. CM 1.0
11:00-12:00	A2 Short Term Rentals , Patricia Burke, Paula Gilbert, NYSDOS Short-term rentals have been around for years, but the availability of online booking sites and the growth of local management companies has had dramatic effects on neighborhoods big and small across the state (and around the world). A number of cities, towns, and villages in New York have come up with a variety of means to permit or restrict short-term rentals consistent with the character of the respective communities. This session looks at the problems short-term rentals posed for several of those municipalities and summarizes the regulations with which they responded to the challenge. CM 1.0	B2 Solar PV for Municipal Energy Use , Doug Weishaar, GreenSpark Solar The expert from GreenSpark will walk through the process of a municipal solar project and include regional case studies. This session will provide a jumping off point for communities looking to begin the conversation on municipal solar PV arrays. CM 1.0
12:00-1:00	Lunch and Exhibits	
1:00-2:45	A3 Case Law Update for Planning and Zoning , Kari Gathen, Esq., NYSDOS Recent cases that pertain to land use will be summarized and the implications of them on land use regulation at the local level explored. Opinions by the New York State Attorney General, Office of State Comptroller, and Committee on Open Government that pertain to land use and local governance will also be reviewed. CM 1.75	B3 NYSERDA's Battery Storage Part 2 , Ian Latimer, NYSERDA and Paul Rogers, PGR Group LLC While much of the same information will be covered, the NYSERDA presentation has been updated with relevant emerging research. This session will introduce communities to Battery Energy Storage as well as updating those who attended the Fall 2019 Regional Local Government Workshop session. CM 1.75
2:45-3:00	Break and Exhibits	
3:00-5:00	A4 Zoning Board of Appeals Overview , Patricia Burke, Kari Gathen, Esq., NYSDOS This introductory course to the zoning board of appeals focuses on the statutory tests boards must follow to grant use and area variances and proper handling of zoning interpretations. Meeting procedures and notice requirements will also be discussed, along with the ZBA's relationship with enforcement officials and the planning board, and the importance of making good findings.	B4 NYSTRETCH Energy Code Supplement , Josh Stack, Stack Resilience, LLC This session will introduce communities to the addition to the NY 2020 Building Code, NYSTRETCH. Technical experts will be provided to answer specific questions relevant to code and structure, as well as the language of the code itself. CM 2.0
		C3 Historic Preservation Planning: Planning to Put Money into the Purses of Property Owners , Clinton Brown, FAIA, Clinton Brown Company Architecture, pc Adopting effective historic preservation planning fosters community pride, enhances property values, grows municipal property tax income and reduces cat fights over old versus new in historic upstate communities. Learn what historic preservation planning is all about and how it works, how it complements other planning initiatives, and how to fund it. Learn from this session strategies to use historic preservation planning to put money into the pockets and purses of your community's property owners. CM 1.0
		C4 Let's Talk! Culverts, Stream Work, On-line Wetland Maps, Site Plan Review with Consideration of Wetlands/Streams , Judy Robinson, U.S. Army Corps of Engineers This session will discuss and clarify the following: <ul style="list-style-type: none"> • Culvert Installation (regulatory guidelines) - Do you need a federal permit? What type of stream work requires a federal permit? • Federal questions on the SEQR - tips for planning board and engineers • Precautions in using/interpreting the National Wetland Inventory Maps and the DEC Freshwater Wetland Maps - danger! • Roundtable discussion to address questions regarding regulatory review CM 1.75
		C5 Understanding and Applying the State Environmental Quality Review Act , Donald A. Young, Esq., Boylan Code, LLP This session will provide an overview of the State Environmental Quality Review Act, commonly known as SEQR, from start to finish. This will include a review of all three parts of the EAF (the "Environmental Assessment Form"), as well as a review of the EIS. We will also identify helpful DEC guidance during our discussion. CM 2.0
